CASE STUDIES

SQUARESPACE E-COMMERCE CUSTOM THEME AND DEVELOPMENT

Freelance | Creative Director & Full Stack Developer

May 2022 - Nov 2022

I recently worked with the Eres.You team to design and develop a custom e-Commerce store that showcases their sustainable fashion. Using Squarespace's CMS platform, I was able to create a fully responsive and intuitive shopping experience that met the unique needs of their brand

WEBFLOW CUSTOM THEME FOR A SAAS MARKETING

Freelance | Creative Director & Full Stack Developer

Mar 2022 - Jul 2022

I create a custom theme using the design app Figma for a Webflow website that was focused on increasing customer sign-ups. I was able to craft a visually stunning and user-friendly theme that met the specific needs and goals of the client. With a focus on user experience and conversion optimization, I was able to help the client achieve their goal of increasing customer sign-ups.

MODERN HEADLESS CMS FOR A LAW FIRM

Freelance | Creative Director & Full Stack Developer

Nov 2021 - Mar 2022

I was able to create a fully responsive and user-friendly website design that met the unique needs of the law firm. I convert their WordPress site to a serverless website using Figma for their UI design and front-end with GatsbyJS's framework and DatoCMS's with GraphQL to call the backend data, this development architecture allowed for a faster, more secure, and easier to manage website.

DASHBOARD FOR A REAL ESTATE, EARLY STAGE STARTUP

FREELANCE | Creative Director & Full Stack Developer

Sep 2021 - Jan 2022

I turn UI design to React components to convert complex graph data into visually appealing and intuitive dashboard. This helped the users easily track and analyze key metrics, and provided valuable insights for the team. I design and developer their first MVP for their real estate platform.
